EASTERNERS FOR COTTONWOOD

Wheeler & Wilson Ground Secured Under Short Option.

CON. MERCUR'S REPORT

A deal was closed in this city yesterday that practically insures the landing of another strong eastern syndicate in the Utah mining field. It was the bonding of the Wheeler & Wilson company's property in the Big Cottonwood district to a crowd the identity of which will not be released until the first payment is made. All the time allowed and all the time demanded by the purchasers' representatives was thirty days, but the assurance was given that a verification of the report already forwarded was the only reason for asking for that time. The price at which the company has agreed to part with the property was not made public, but from the recent developments in the mine it is safe to assume that it is not a small one. The payment demanded at the end of thirty days is said to be a pretty stiff one, but that made the nurchasers will be allowed sixty

HELP MONTANA AND IDAHO.

The T. & B. Company Will Sample and Buy Ores at Butte.

and Buy Ores at Butte.
Frank M. Taylor, president and general anager of the Taylor & Brunton Samping company, passed through the city a his way back from Butte to Colodo. He reported that his company had scided to erect a mill and go into the ce buying and sampling business at ntte, and ninety days hence they would ready for business. Mr. Taylor said at careful investigation of the field ad convinced his company that there ere many districts in Montana and Idago containing mines that would, with a arket for their products at Butte, became regular contributors. The samping company will be prepared to sample do buy any and all kinds of ore, and that way they hope to make mining offitable in many camps where the ine owners have to rustle to make ends set.

meet.

Heretofore the individual producer who was not in a position to make contracts and bear the expense of sending his ores to Omaha and other smelting centers stood little show, as the big smelters of the copper camp were not ficlined to seek outside ores.

UNCLE SAM'S RESERVE.

With All Obligations Paid It Has

Over \$11,000 in Treasury. The directors of the Uncle Sam county met in regular monthly session the directors of the Uncle Sam comny met in regular monthly session on
iday afternoon and audited the comnys' accounts. After all obligations
red discharged it was shown by the
oks that there was still on hand a
m in excess of \$11,000. The superinndent's report indicated that the mine
is in fine condition and gradually lookg better, so the reserve may be excted to increase rather than diminishring the present month.
The management is saying very little
esse days, but the impression is steadgaining ground that the property is
ening up better than has been counted
on.

BLUE JAY'S ORE BODY.

Ledge Is Now Six Feet Wide-Machinery to Be Installed.

The latest reports from the Blue Jay ompany property, in the Indian Peak istrict, Beaver county, is to the effect hat a four-horse team will begin hauling ore to market within the next few ays. At the same time the management is preparing to install a gasoline oisting plant, and with that in running refer regular shipments of high grade re are promised. re are promised.

Yesterday's Sales.

DON'T LET IT GET AWAY

There is an opportunity of making good money. Silver is the highest for iths. Lead is high, copper is good. Our GOOD stocks must be affected by proved conditions. Dally-West is going up rapidly. Other good stocks must ow. Get in on the front seat of this boom. Don't wait and catch the tail

end.

Where Daly-West leads a dozen stocks follow; either up or down. They are a little slower, but they follow. Daly-Judge, Naildriver, Wabash, Little Bell and New York are all in the same locality and affected by the same conditions. Don't hesitate until too late. Buy now. Nothing but a break in the metal market can prevent your making money.

ORE AND BULLION.

Week's Record at the Company and Week's Record at the Company and Custom Smelters a Fair One.
During the past week the ore and bullion settlements in the open market, as reported by McCornick & Co., amounted to \$397,200, vesterday's proportion of the total being \$54,500, as follows: Silver, lead, gold and copper ores, \$22,200; base bullion, \$17,400; gold bars, \$13,390.

The report submitted by the managements of the various copper plants down the valley showed that 664,281 pounds of bullion were forwarded to the eastern refineries, as follows: Bingham Consolidated, 182,000 pounds: Highland Boy, 301,200; United States, 181,081.

The record is therefore shown to be a very good one, though it falls a little under that of the week before.

Two cars of ore from Tintic reached the conklin sampling works yesterday. Silver took another step upward yesterday, It was quoted at 54½c in New York.

The Kempton is reported to be sending another 300-ten shipment of ore to the melters. another 300-ton shipment of ore to the smelters.

The E. & F. company had three cars of ore on the market from its Pioche property yesterday.

The Taylor & Brunton sampler was yesterday in receipt of ten cars of ore from Tintic and three from Callentes.

The Bingham Bulletin says a body of galena ore was encountered in one of the properties of the Bingham-New Haven company a few days ago.

The visiting officials and shareholders of the Four Metals company, have gone out to Dugway in company with Manager Moats to inspect the property.

The new board of directors of the Utah

ager Moats to inspect the property.

The new board of directors of the Utah company held its first meeting yesterday. Routine business only was done, but there is every prospect that they will meet again before the month closes and post a dividend of \$2,000. The roads to the mine are again, in good condition and shipments of high-grade ore will be coming along with their usual frequency.

Very fine looking concentrates from the Comstock company's new mill were shown by Manager Morris Dusseldorf yesterday. He will return to camp today, accompanied by Joseph Oberndorfer, Leo Markx and others who are anxious to see the mill at work. The plant was in full operation yesterday, and will continue to run steadily with one shift for the present. Later, when the electric light plant is placed in commission, the mill will be run day and night.
